## Company History

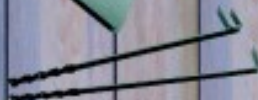

Robert Foster has always had a passion for making things better and offering more value. He started Bad Boy Mowers in 1998 to build a better mower. After making Bad Boy a leader in the mower industry, he started Intimidator, Inc., a manufacturer of premium Utility Vehicles located in Batesville, Arkansas. With a passion for cooking, Robert studied the ceramic grill for several years to understand what basic improvements could be made to make this cooking experience the best ever.

## THE GURU CART TABLE

The Guru Cart Table is made from rust resistant durable steel, and was designed to raise the Gourmet Guru Grill to a comfortable cooking height, while providing the mobility that some backyard chefs desire. The easy lock wheels prevent the stand from sliding while you are cooking your next delicious feast.

## THE GURU VINTAGE TABLE

Made from durable cypress wood and designed to have the look of an old whiskey barrel. This medium sized table gives you enough room to store your grilling accessories, but is small enough to fit in a confined area. Real cypress wood construction with metal accent pieces gives this table a great look, while giving enough table space to make your cooking experience even better!

## THE GURU'S CHOICE DELUXE CABINET

Made from real cypress wood to withstand the elements and includes enough space to store all of your supplies. The deluxe cabinet lives up to the name with great quality of wood and craftsmanship. The cabinet sits on 4 castor wheels, and has a heavy duty handle, to make moving a breeze. This cabinet is as beautiful as it is functional!
