Administrative
Assistant

-
- The Auxiliary Services Department includes Operations, Food Service, Maintenance, and Transportation Departments.
 - Operations is in charge of all construction in the district. Construction includes remodeling of existing buildings, complete construction of new buildings, and renovation of grounds.
 - Bidding for the district (which includes everything such as school buses, furniture, floor covering, roofing shingles, and more) is done through this office.
 - All transportation requests for activity trips throughout the school year are maintained through this office. Mountain Home School District averages over 500 activity trips each school year, traveling approximately 112,000 miles.
 - Approximately 2,000 maintenance requests annually are processed through this department.
 - Approximately 100 purchase orders for supplies, materials, work performed, along with all utility bills are reviewed and approved each month in the operations office.
