a tiny dew drop of thought,
surrounded by memories of beauty, joy . . .
. . . oneness, loneliness . . .
a future memory of past
a past memory of future
linked in a chain of experience,
held by the tension of time,
the body renders humbly,
minds lost beings are forever present . . .
imagine the wonderment gone by . . .
imagine time . . .

have we changed
we have sat by--
eagerly waiting to produce change
we have had the chance to mature and
learn a little about the world.
and we are occupied by dreams of beauty and . . .
reality is one step further . . .
have we the strength and courage to take
that step?
yes! we have the potential to face truth.
