

# AAP Goals

- Provide a consistent adult to connect with your high school student
- Help all students with their academic, career, and personal/social planning
- Provide a positive and safe school climate
- Help your student feel connected to the school community
- Provide a team of adults who encourage each student to progress and succeed
- Provide consistent standards for academic career and personal/social development

## AAP is Designed to Help Your Child

- Be more satisfied with the school experience
- Improve attendance at school
- Have fewer behavior problems at school
- Increase achievement (measured by grades and test scores)
- Stay in school and graduate
- Make good career decisions
- Get along better with others
- Understand options for what to do after graduation
- Become better prepared to enter work force or post-secondary institutions

## PARENT INFORMATION

## ACADEMIC ADVISORY PROGRAM

# The Academic Advisory Program:

Mountain Home High School Career Academies' Academic Advisory Program is a student advising system for high school students. Your student will receive school, career, and personal advising through AAP.

AAP is a system that brings students, school staff, parents, the community, businesses, and other organizations together to improve each student's educational experience by connecting rigor, relevance, relationships, and results.

AAP provides each student with an adult advisor who takes an interest in the student's successful learning, goal setting, career planning, and personal growth.

## MENTOR PROGRAM

The purpose of the mentor program at MHHSCA is to develop relationships between the students and community business leaders who offer the students the following:

- Act as role models to demonstrate success in business and society
- Offer students insight into the mentor's careers
- Offer students insight into other careers within their academy career cluster
- To build relationships to aid with post-secondary success

## Expected STUDENT OUTCOMES of the AAP Program

- More students like the high school experience
- Improved school attendance
- Fewer behavior problems
- Increased achievement (measured by grades and test scores)
- Students are more prepared for post-secondary life
- Lower drop-out rate
- Higher graduation rate
- More informed career decision-making
- Better interpersonal skills
- Better prepared to enter the work force
- Better prepared to enter relevant and appropriate post-secondary institutions
