

# Science Snow Packet Day 1

## 1. CORE IDEA

What is the purpose of using different colors for each bar on the bar graph?

## 2. MATH COMPUTATION

Based on evidence from the graph, which item is best if you are trying to reduce both trans fats and unsaturated fats?

Explain how you scientifically arrived at your answer using data from the graph.

## 3. PATTERNS

Describe one specific pattern you see based on the fats.

**SATURATED, UNSATURATED AND TRANS FATS**
