

AMI DAY 2

Social Studies

Why was the belief in so many different gods so important to early civilizations?

Science

What are some things you could do to classify an organism that you didn't know?

Language Arts

What is your favorite quote from a song, book, or movie? What does it mean to you? Why?

Math

Bill wants to buy his wife a new car. He looked at a new Honda Accord for \$24,495. Bill told the dealer that he would like to pay this off in equal monthly payments over 4 years. The interest for the car will total \$7,265.
How much will Bill's payments be?
