

# First Grade AMI Pack

2018-2019

This year the state has granted our district 5 AMI (alternative methods of instruction) Days. These days can be used for days when we have inclement weather. Rather than making up the missed day in the spring, your child will have a home assignment. Attached you will find "choice boards" for math and literacy. You will also find a technology choice board. For your child to be counted present for the AMI day please complete 1 math and 1 literacy activity from the choice boards OR complete the technology option from the technology choice board. (There are also special-area activities included if you need extra things to do.) Please initial/date the activities you choose and return it within 5 days of the AMI day. They will be marked off and returned after each AMI day. Thank you and if you have any questions feel free to contact me at:

@mhbombers.com

# 1st Grade A.M.I.

## MATH Choice Board

Please complete 1 math and 1 literacy activity for each AMI day. Initial and date the activities and return it with in 5 days of the AMI day.

<p>Have a skip counting contest to see who can count the highest by 10's + 5's.</p> <hr/> <p>Date/Initials</p>	<p>How much snow did you get? Write it down. How much was there after 2 hours? How much was there after 4 hours? Was there more or less? Make a statement about the snow using the symbols; more than, less than, equal to.</p> <hr/> <p>Date/Initials</p>	<p>Use a deck of cards. Play Go Fish or Who has more?</p> <hr/> <p>Date/Initials</p>
<p>Combinations of 12 Write all the equations you can think of to get the sum of 12.</p> <hr/> <p>Date/Initials</p>	<p>Use a real ball or a snowball to toss to a family member. Count how many times you can toss it back + forth before dropping it. Try a second time to beat your record.</p> <hr/> <p>Date/Initials</p>	<p>Ask an adult to empty out their loose change and count the total number of coins.</p> <hr/> <p>Date/Initials</p>
<p>Write 2 addition and 2 subtraction problems + <u>teach</u> an adult how to solve them.</p> <hr/> <p>Date/Initials</p>	<p>Use a deck of cards (or make number cards 1-10), pick 2 at a time to add together.</p> <hr/> <p>Date/Initials</p>	<p>Write and solve a subtraction problem about snow using 13 and 7</p> <hr/> <p>Date/Initials</p>
