It's time to register for Mountain Home Public Schools' Summer Learning

Grades K-8

June 7- June 24

Monday-Thursday 8 a.m.- 3 p.m.

Registration Deadline: May 28

[Click here](#) for more information and to sign up today!

IT'S FUN!

MHPS Summer Learning provides fun for your child. Students will take part in activities including computer science, coding, art projects, games, crafts and other enrichment activities.

IT'S LEARNING!

Your child will sharpen the math, reading, and writing skills needed to succeed in the next grade and beyond.

IT'S NO-COST!

Meals are included. Teachers will lead your child each day in exciting activities inside and outside the classroom.

Additionally this year:

Intro to Computer Science:

Using various resources, we will give a broad overview of what computer science is and how it is involved in our everyday lives. We will discuss basic concepts, such as, coding, algorithms, binary, robotics, space travel and more. The students will learn that computer science is not just people in lab coats or computer nerds.

Computer science is now in healthcare, automotive, agriculture and many other industries.

3D design and production:

<https://classroom.weareprintlab.com/>

Using the PrintLab curriculum, we will teach the students to design their own 3D models using Tinkercad. They will then bring the design to life using 3D printers. Students will design basic shapes and models to gain a better understanding of the design process and software. They will then be given a project or problem to solve using what they have learned.

Programming with Sphero:

<https://youtube/DxFNCRYbMe4>

Using small spherical robots, students will understand the basic concepts of programming, problem solving and computational thinking. They will play STEAM-inspired games with the Sphero Play app and eventually advance to programming with Block Based Coding or Javascript in the Sphero Edu app

Pinkston Spring Picture Day is Friday, April 23, 2021

Looking for a STEM Learning Experience? Interested in a Career in STEM/Health Care Professions?

Join Us for a Summer of Science!

The UAMS Division for Diversity, Equity and Inclusion offers virtual summer programs to immerse underrepresented minority and disadvantaged K-12 and college students in science, technology, engineering and mathematics (STEM) learning experiences with a focus on health care careers and professions.

This year, all programs are virtual!

Choose from:

- **Junior STEM Academy I** (grades K-2) & **II** (grades 4-5)
- **Senior STEM Academy** (grades 6-8)
- **Academy of Pre-Health Scholars** (9-12 grade)
- **Student Athlete STEM Academy** (9-12 grade)
- **Pre-Health Summer Scholars:** (Undergraduate Freshmen and Sophomores)
- **Pre-Medical Summer Scholars Phase II** (Undergraduate Juniors and Seniors)

Visit uams.info/Summer for program dates, additional information or to register.

Financial assistance is available for any program; see program information for details.

Application deadline: April 09, 2021.
