

2024 APPROVED RADIO SCRIPTS

Updated 02.02.2024

Option 1

The eNVy is America's newest crossover. This ultra-quiet electric neighborhood vehicle will get some major attention. Whether spending time with family or putting it to work, the eNVy performs. Features include a heavy-duty steel frame, aluminum wheels, onboard charging system, speeds up to 20 miles per hour, cargo bed, 7-inch touchscreen, and power steering. These will have you saying YES to America's newest crossover. Test drive one today at [dealership] or check it out online at www.ridewithenvy.com

Option 2

America's newest crossover is here! The eNVy neighborhood vehicle is the battery-powered, personal transport vehicle that will make you the envy of the neighborhood. eNVy is sturdier compared to other golf carts with a heavy-duty steel frame. The eNVy comes standard with speeds up to 20 miles per hour, four deluxe seats, 7" digital display, and turn signals. The eNVy is the newest addition to the [dealership] line-up. Check them out in-store or online at www.ridewithenvy.com

Option 3

Come see what all the excitement is about at [dealership] with the all-new eNVy neighborhood vehicle. This 48-volt cart is the ultimate personal transport vehicle. There's nothing like it on the market. Durable rotomolded plastics, speeds up to 20 mph, deluxe seating, turn signals, and 7" touchscreen digital display. All help make you the envy of your neighborhood. Learn more at [dealership] or check them out at www.ridewithenvy.com
